### MOUNTED OFFICER PROTECTION

## Technical Specification Riot Leg Guard 05

**Article no:** Rlg05

**Product:**

The Leg Guards gives protection for the front and side of the leg, the instep and the wrist, and the kneecap against kicks, hits, blows and impacts. The guard is fasten by two none elastic straps around the leg and one elastic strap around the thigh just above the knee.

There are not any metal parts as rivets or hooks, which can give secondary injuries. The kneecap can be covered on request, the rest is 100 % textile covered.
